4 CATALOGUE

- 4.1 The seller is required to submit all the required information to the Society 28 days before the date of the sale.
- 4.2 The seller must provide all the relevant information required on the entry form.
- 4.3 Upon receipt of the relevant entry information, the Society will check the entries and submit a concept sale catalogue within 21 (twenty-one) days of the date of the sale to the sale organiser for approval. A period of 5 (five) working days will be granted to the organiser to submit any changes that are required. The Society will then submit the final catalogue to the auctioneers two weeks prior to the sale date.
- 4.4 Should any information provided by the breeder to the society for the catalogue, change between the date of submission in 4.3 above and the sale date then the onus is upon the breeder to advise the office, the auctioneer and the inspectors responsible for the screening prior to screening of any such changes.
- 4.5 All the breeders' registered animals for sale will be listed in lot sequence in the catalogue.
- 4.6 The rules pertaining to the sales presented under the auspices of the Society must be published at the front of the sale catalogue.
- 4.7 No changes to the catalogue can be made after the entry date has expired.

5 SCREENING

- 5.1 The purpose of the screening:
 - 5.1.1 is to verify the identification of the animals on offer.
 - 5.1.2 is to inspect them for functional faults and compliance with Society norms and minimum breed standards.
 - 5.1.3 is to verify that animals that have been flagged by the administrative office meet minimum production standards on the day of the sale.
- 5.2 Two inspectors, appointed by the Society, will screen all animals offered for sale of which at least one must be a senior inspector.
- 5.3 The inspectors officiating at a sale screening may not sell animals on that same sale.

- 5.4 Sale animals must be available for screening well in advance, preferably 2-4 weeks before the sale on the farm. The day before the sale, animals will only be screened for injuries or obvious faults that were missed during earlier inspections. Droughtmaster SA office will appoint two (2) inspectors for screening animals as sale worthy for the National sale and one (1) inspector for all other sales.
- 5.5 Only the auctioneer's representative will be allowed to accompany the nominated inspectors during screening.
- 5.6 The inspectors will advise the buyers of animals that have been screened off the sale.

- 5.8 The auctioneer must present all Veterinary certificates at the screening to the inspectors.
- 5.9 The inspectors will advise the representative of the Auctioneering firm of any animals that fail the screening, and the registration status of each of these animals will be immediately suspended. The findings of the inspectors will be final and no appeal inspection will be allowed at the auction venue. The appeal inspection will be carried out on a date to be agreed between the Society and the seller.
- 5.10 **An animal that fails the screening process may not be sold at that auction.**
- 5.11 No other type of inspection may be carried out during sale screening.
- 5.12 At least one of the inspectors involved in the screening will be available on the day of the sale to provide a marketing presence for the seller and the society, to act in an advisory capacity to buyers and ensure that the auction is conducted in compliance of the above rules.

6 DUTIES OF THE AUCTIONEER

- 6.1 The auctioneer must complete in full the applicable Society form and return it to the Society office duly signed.
- 6.2 As the sale will be presented under the auspices of the Society, the sale pamphlet as well as all other advertising copy must be submitted to the Society for approval prior to publication. - 6.5 No animals will be allowed to be offloaded at the sales venue if the TB and CA certificates are not presented to the auctioneer or his official responsible for offloading.
- 6.6 The auctioneer will provide two (2) personnel to assist the inspectors with the screening of sale animals.
- 6.7 The auctioneer is responsible for submitting all the health, fertility and pregnancy certificates for each animal on sale to the Society inspectors prior to screening for verification. The auctioneers are then responsible for distributing all these certificates to the new owners after the sale.
- 6.8 The membership numbers of buyers that are registered Droughtmaster SA breeders must be obtained and included with the details of animals purchased by such buyers in the vendor role.

- 6.10 The contracted Auctioneer is responsible for ensuring, that between his organisation and the sellers, adequate public liability insurance cover is in place for the auction.

7 DISPERSAL SALES

- 7.1 *A Breeder who is permanently discontinuing the business of breeding and farming with registered Droughtmaster SA will hold a dispersal sale in order to sell all his registered animals at a single sale to facilitate de-registration as an active breeder with the society.*
- 7.2 *All the requirements for sales under the auspices are applicable to dispersal sales, as well as the following:*
- 7.2.1 *If a breeder intends to hold the dispersal sale in two parts, that is the registered animals first and the younger animals later after they had been inspected and approved, he may in writing request Council to extend his membership for the agreed upon period.*
- 7.2.2 *It must be clearly understood that the arrangement of further sales under the auspices of the society, subsequent to the sales as contained in the agreement with the Society, will not be permitted.*
- 7.2.3 *One year after the first dispersal sale, the breeders' active membership of the Society and membership of SA Stud Book will be cancelled and all animals not sold will be transferred to a non-member number. Such person may remain as a non active ordinary member. After a lapse of five (5) years he may re-apply for active membership of the Society and SA Stud Book.*
- 7.2.4 All Droughtmaster SA registered with the Society (SP Reg.) on the date of application in the name of the relevant breeder, company, trust, closed corporation, partnership, or stud names in which he has an interest, must be presented on the first dispersal sale. No registered animals may be sold out of hand between the date of application and the first dispersal sale.
- 7.2.5 All semen straws and embryos collected from Droughtmaster SA in 7.2.4 and in the breeder's, possession must be offered for sale.
- 7.2.6 **Droughtmaster SA animals sold on a dispersal sale may not be transferred as registered animals to the seller's wife/husband/family member, or any organisation (e.g. Company, trust, closed corporation, partnership or stud names) in which he has an interest.**
- 7.2.7 **A breeder may sell his Herd Designation Mark at his dispersal sale. This will be activated on completion of the required SA Stud Book cession form.**
- 7.2.8 The Society and SA Stud Book membership of a breeder (or of the concerns selling, who have successfully applied for the presentation of a total dispersal sale under the auspices of the Society) will be extended to the end of the financial year within which the final sale takes place, and the full membership fee in respect of that period will be payable by the member/concerns. Thereafter the membership of the seller/s will be terminated or transferred to the non-active member list if the seller/s so wish. Under either of the aforementioned conditions, the seller/s concerned may only re-apply for registered breeder membership upon the lapse of 5 (five) years.

8 COMMISSIONS and FEES

- 8.1 The Society will receive a commission (1% of the turnover), as fixed from time to time by the Council, in respect of all sales held under the auspices of the Society. This will be calculated as a percentage of the total turnover of the sale. The commission will be collected from each seller and paid across to the Society within 7 (seven) working days, failing which penalty interest at the ruling prime rate will be levied. This commission will be deducted from the sellers by the auctioneering firm and paid to the Society.
- 8.2 Sellers who privately sell animals after the sale, will be liable for the total commission as set out in the sale agreement, if those animals were entered for the sale and went through the ring.
- 8.3 Commission will be applicable on semen and embryo sales.
- 8.4 The commission of the breed advisor will be for the sellers account except for the Promotion Sale where the Society will be responsible.

9 BUYERS

- 9.1 Should a problem arise with an animal that a buyer has purchased on the sale he has three months to address the issue with the seller.

10 GENERAL RULES

- 10.1 All animals advertised must be presented on the day of the sale and the Society reserves the right to demand veterinary certification regarding an animal withdrawn, other than in the case of death and the subsequent cancellation of the animal.
- 10.2 All applications for other forms of sale (e.g., internet sale under the auspices of the Society) should be submitted to the Society in sufficient time to allow for the practical application of the principles contained in this document.

The successful marketing of Droughtmaster SA stud animals is an important feature of our members' economic success. For this reason, all steps must be taken to ensure that the Droughtmaster SA we sell, meet our breed standards and our requirements of quality. This is the only way we can build the trust of the buyer market. In addition, breeders are expected to conduct themselves with integrity, and with the shared values and ethos of our fellow breeders and the society.

Best wishes for a successful sale.
