Dear Herman,

We are replying to your request to look into the editing required concerning the following to bring them up to speed.

1. V200023 Dam V160008 both these animals have been sold as commercials.

- 2.V200010 Dam FRJ 100133, We made the following mistake on the Dam Id, Her id tag should read FRJ 100133 and not FRJ 110133. Sorry about that.
- 3.V200002 Dam V140021 We have sold the calf due to poor breeding standards.
- 4.V200045 Dam Z120266, the calf already appears on logix as Z200045 not V200045 as this cow and calf was bought from Alzu beefmasters.
5. V200071 Dam Z160112, the calf is registered as Z200071 on our per capitalist not V200071 as this cow and calf was bought from Alzu Beefmasters. Although this calf is a female and not a male. Please adjust this.
- 6.V200011 Dam V160122, This fault has been resolved by FRJ and appears correctly on our per capitalist
7. V200007 Dam V150007, This fault has been resolved by FRJ and appears correctly on our per capitalist
- 8.V20008 Dam V170015 This fault has been rectified by FRJ and appears correctly on our per capitalist
- 9.V200005 Dam V160244, This fault has been rectified by FRJ and appears correctly on our per capitalist.
10. V200017 Dam FRJ120099, This fault has been rectified by FRJ and appears correctly on our per capitalist.

Thank you for your personal attention regarding these matters.

Kind Regards

Allan Versfeld
