1 Introduction

1.1 Definitions

1.1.1 Registered Boran means a Boran that has been entered and accepted onto the BCB's herd database (BDB). A Boran will be accepted into the call book section (SP/No. CDB) on receipt of the call birth notification. A Boran will be promoted to Standard Proper (SP/No. SP/No) on passing inspection. A Boran that has been birth registered but registration is pending resolution of an outstanding issue is not a registered Boran in terms of these sale rules. Examples could include the following: Pending lost Korfied (PMD), Parents not included (MIL), MS (Multi) sire requiring verification, Sire requiring verification (PES) and Dam requiring verification (MCD).

1.1.2 Inspection is a visual appraisal of a Boran by RCP's approved inspectors to ensure compliance with the society's standards of excellence. A Boran must pass inspection to be promoted to the Standard Proper (SP/No) REG section of the society's herd database, within the stipulated timeline. A Boran that fails inspection will be downgraded and removed from the herd database.

1.1.3 Screening at sales is an appraisal of a Boran for functional faults and compliance with Society norms and minimum breed standards. In the case of Boran still registered in the call book section of the herd book, screening does not qualify as an inspection.

1.1.4 A Disposal Sale will be held by a breeder who is permanently downsizing the business of breeding and raising well-regarded Boran, and consequently needs to sell all his registered animals to facilitate discontinuation as an active breeder with the society. This sale will be deemed to be a disposal sale and hence trigger breeder deregistration.

1.1.4.1 the breeder uses the word "disposal" as similar words or phrases in their advertising and/or marketing of the sale

1.1.4.2 the member informs the society it is a disposal sale

1.2 Members of the Society are encouraged to sell registered Borans under the auspices of the Society. This will ensure that:

1.2.1 the Boran comply with the Society's minimum standards of purity and functionality by verifying the pedigree and performance data.

1.2.2 the Boran is of a consistent quality and high standard by screening each animal on offer.

1.2.3 your clients are protected in that all animals on offer meet the breed standard.

1.2.4 your clients have a reliable method of addressing possible queries and complaints.

1.2.5 the breed develops a trustworthy reputation in the beef industry which builds buyer confidence and promotes sale.

1.2.6 the society can support you in the event of queries, disputes, resolution, marketing and publicity.

1.2.7 the benefit of "quality at a fair price" is offered to both buyers and sellers and thereby builds the trust of the buyer market, ensuring the sustainability of our breed.

1.5 The Society will approve any provision sale of registered Borans, provided that:

1.5.1 Prior to the announcement of such sale, the seller must contact the Society with the details of the sale

1.5.2 Both the Seller and the Society will sign a written agreement

1.5.3 The seller adheres to the requirements detailed further in this document

1.5.4 Should the requirements detailed not be met, the Society will be entitled to:

1.5.4.1 renegotiate the requirements

1.5.4.2 withdraw permission that the sale be presented under the auspices of the Society

1.5.4.3 if warranted, suspend the membership of the relevant member

2 Application to hold a sale under the auspices of the Boran Society

2.1 All sellers' accounts may not be outstanding with the Society for more than 60 days.

2.2 The Society and the appointed registrar will handle all communications pertaining to the sale. The organizer will be responsible for the communication with other sellers involved with the sale.

Version 1.9, Amended 11 September 2021

3

2.3 On approval of the application the Society office will furnish the organizer with the official entry forms, which must be completed and returned to the office at least 2 (two) months prior to the date of the relevant sale.

2.4 Each seller and the Society will sign a written agreement concerning the conditions that will apply to the sale.

2.5 It is the responsibility of the seller to provide all facility, equipment and health certificates prior to the sale and deliver the animals to the auctioneer before the screening date and time.

2.6 If it is recommended that sales in the same area should not be presented within one week of each other (to prevent) will be regarded as the guided entry; the organizer of both sales agree to such an arrangement.

2.7 Only one auction under the auspices of the society can be held on any one day

2.8 No other sale may be held three (3) weeks prior to the National sale

2.9 Existing sales history will be taken into consideration when sale dates are allocated by the Society. An auction with history is booked for two years in a row and the auction does not take place in those two years, the seller forfeits the line and the date can be allocated to another seller. If a date is booked and the date change or the auction is cancelled, a fee of R1000 will be charged. If there is a valid reason for the change of the date or the cancellation of the auction, the notification must be submitted to the Council for extension.

2.10 A disclaimer dealing the rules and duties of the auctioneer will be submitted to the relevant auctioneers for their signature. The Society reserves the right not to approve an application for a sale to be presented under the auspices of the Society should it emerge that the auctioneering firm is in dispute with the Society.

2.11 Council and staff members of the Society in their personal capacity, are indemnified against any claims lodged by other buyers or sellers arising from the sale of animals at such a sale.

3 Requirements for animals, embryos, and semen on offer

3.1 Society and Legislative Requirements

3.1.1 All Boran on offer must be registered with the Boran Friesian Breeders' Society. The birth notification of calves born up to the day of sale must be submitted to the Society by the seller. Calves born on sale day will be registered by a new owner.

3.1.2 Animals not conforming to the minimum breed standards of the Society may not be sold at a sale offered under the auspices of the Society.

3.1.3 The pregnancy status of cows on offer must be such that they only according to the minimum reproduction standards as specified in the Bylaws of the Society.

3.1.4 No female may be offered that is knowingly in calf to any bull other than a registered Boran bull.

3.1.5 Embryos offered for sale, do not include in vitro, or linked to a sale of a lot must be:

3.1.5.1 flushed from both cows registered with the Society

3.1.5.2 accompanied by a signed certificate confirming pregnancy details, the grade of the embryo and confirmation that the embryo was collected by a registered embryologist at a registered quarantine station.

3.1.6 All females older than 30 months on the date of the sale, must be serviced in calf by a registered veterinarian.

3.1.7 A cow may be sold with her calf at foot provided that the calf is not older than nine months of age at the date of sale.

3.1.8 If the calf is younger than nine months, then the cow does not have to be confirmed in calf.

3.1.9 Should a seller (veterinarian, farmer or a venal) are in a bull must be declared as part of the information that appears in the sale catalogue.

3.1.10 When an animal that is jointly owned is offered for sale:

3.1.10.1 The seller must specify the percentage share in the sale together with any other conditions or restrictions that may apply.

3.1.10.2 The progeny of the sold animal as recorded and shown on logs, must be included in the catalogue.

3.1.11 It is important for buyers to note that all Boran registered in the Society's all book section (SP F 13) which are offered for sale under the auspices are subject to inspection by the buyer. The screening year in the sale does not constitute an inspection.

Version 1.9, Amended 13 September 2021

4

3.1.2. Cattle that are not "outcross worthy" may under no circumstances be offered at the auction.

3.2. Animal Health

3.2.1. All animals offered must have been tested negative in respect of CA and TB as near as possible to the sale date but not more than three months prior to the date of the sale.

3.2.2. Calves sold at foot with their dams are exempt from TB and CA tests.

3.2.3. If any of the animal offered for sale test positive for CA, TB, Trypanosomiasis or Vibriosis, all the animals offered for sale by the breeder must immediately be "wooded" from the sale, and the offer must be informed.

3.2.4. Pregnancy certificates showing number of months pregnant must be presented to the auctioneer and must correspond with the information given to the office when compiling the catalogue. The pregnancy certificate may not be older than three months prior to the date of the sale.

3.2.5. Within three months prior to the sale, bulls twenty-four (24) months and older, must

3.2.6. have been tested by a veterinarian at a registered veterinary technician/veterinarian collector for breeding soundness (testicular, epididymal, penile, and microscopic evaluation of semen sample).

3.2.7. Only semen from bulls registered and inspected with the Society registered in accordance with the Animal

Improvement Act No. 32 of 1958, have 300% potential fertility, and collected by a registered semen collector at a registered quarantine station, may be offered for sale, donated, included in any lot or linked to a sale of a lot. The applicable certification from the quarantine station must be submitted to the Society at least 28 (twenty-eight) days prior to the sale date.

3.2.8. The health and pregnancy certificates must be submitted by the seller to the auctioneer prior to uploading the lot on the sale. No animals will be off loaded at the sale facility if the lot is not presented to the auctioneer or the responsible official prior to uploading.

3.2.9. Council reserves the right to institute disciplinary action against a breeder who fails, according to the description of Council administered harmonisation, to an animal, which is regarded as unethical and a misrepresentation of such animal.

4 Catalogue

The catalogue is key to a successful sale and to the welfare marketing program. For this reason, it is imperative that sellers plan their sales well in advance. To provide the required service to seller's deadline have to be strictly enforced by the society so as to meet the objectives outlined in this document.

4.1. The writer is required to submit all the required information to the Society 28 days before the date of the sale. Example: If the action is on the 30th July, the latest submission time and date would be at 17:00 on the 2nd July.

4.1.1. Only animals that meet the following requirements can be included in the catalogue:

4.1.1.1. appear on the logis report titled "Electronic Animal or Krait Markers and have the status "Reg" as the submission date. The exception is where the calf is older than 9 months, but younger than 15 months, the calf can be included in the catalogue with the CLE status, as a lot B.

4.1.1.2. and in the case of females, on the day of sale will

4.1.1.2.1. have an average 10% less than 750 days

4.1.1.2.2. have been carried in calf by a veterinarian, older than 30 months

4.1.1.2.3. have been carried in calf by a veterinarian, older than 30 months

4.1.1.2.4. must have a calf at foot since the last weaning program

4.1.2. If a breeder submits an entry that has been prioritized, from CLE to REG in the Sales/Animal report within 3 days after the cutoff time in 4.1.1, the entry for CLE will be changed per lot, to cover other information. If an animal is substituted (replaced) with another animal after the cutoff date, a fee of R500 will be charged prior to cover administrative costs.

4.1.3. The late entry request form will need to be completed and submitted to the office

4.1.3.2. The fee will be waived and charged to the vendors account and will be payable even if the animal is dropped off at the sale

Version 19, Amended 12 September 2021

4.1.3. The seller must provide all the relevant information required on the entry form.

4.1.4. Upon receipt of the relevant entry information, the Society will check the entries and submit a revised sale catalogue within 21 (twenty-one) days of the date of the sale to the sale manager for approval. A period of 5 (five) working days will be granted to the organizer to submit any changes that are required. The Society will then submit the final catalogue to the auctioneer two weeks prior to the sale date.

4.1.5. Should any information provided by the breeder to the catalogue change between the date of submission in 4.1.4 above and the sale date, then the auctioneer will be responsible for advising the office, the auctioneer and the inspectors responsible for the screening of such changes prior to screening.

4.1.6. The sale catalogue will conform to the SA Standard design.

4.1.7. All the breeder's registered animals for sale will be listed in the sequence in the catalogue.

4.1.8. The rules pertaining to the sales presented under the auspices of the Society must be published at the front of the sale catalogue.

4.1.9. No changes to the catalogue can be made after the entry date has expired.

4.1.10. The sale catalogue provides an overview per seller. This overview will be used by the inspectors for the screening of new animals offered at the auction.

4.1.11. The following applies to the breeder comments on the catalogue:

4.1.11.1. The comments box is limited to a certain number of characters. Where relevant, the animals in below must be displayed and have precedence over general comments.

4.1.11.2. Pregnancy must be recorded in months.

4.1.11.3. If a cow is sold with the calf, the calf's number and its age must be recorded.

4.1.11.4. If the cow is pregnant, it must be recorded with the possible date of the calf and how far into the pregnant. The possible date must be recorded.

4.1.11.5. If the bull or cow is running with a bull, the bull must be in possession of the seller or a loan bull to him. The bull's ID must also be recorded.

4.1.11.6. After that, further comments from breeder can be recorded.

5 Screening

5.1. The purpose of the screening is:

5.1.1. to verify the identification of the animals on offer

5.1.2. to inspect them for functional faults and compliance with Society norms and minimum breed standards.

5.1.3. to verify that animals that have been flagged by the administrative office meet minimum production standards on the day of the sale.

5.2. The inspectors officiating at a sale screening may not sell Boran registered animals that come from

5.2.1. All animals (CLE and Appendix A, B, C) presented at the sale will be screened. Boran marked but for registration (NMQ) will not be subject to screening. CLE (all bulls) animals that pass screening on the day of the sale are still subject to inspection at the required age.

5.2.2. Sale animals must be available for screening at 12:00 on the day before the sale. The breeder office will appoint three veterinarians (3) inspectors for screening animals at the sale every day for the National sale and two (2) senior inspectors for all other sales.

5.3. Only the auctioneer's representative will be allowed to accompany the nominated inspectors during screening.

5.4. The inspectors will advise the sellers of animals that have been screened off the sale.

5.5. Sellers must be present or at least contactable after screening. Should sellers not be present, the return of the

will be given to the respective sales of the auctioneer's firm.

5.6. The inspectors will advise the representative of the auctioneer's firm of any animals that fail the screening. The

framing of the inspectors will be final.

5.7. A breeder of a Boran (both bull and female) that has screening shall have notice of the following two options:

Version 19, Amended 12 September 2021

5.9.1 Sell the Boran that has been screened off as a commercial animal at a commercial sale held not under the auspices of the Society that takes place on the same day. The Boran will be re-registered (bore as SPINs, IFG status) and will lose the right to entitlement.

5.9.2 Remove the Boran screened off immediately from the sale area / sales lane. This Boran will retain its SPIN REG status on condition that the Boran is immediately returned to its farm of origin.

5.10 If either the cow or the calf fails screening, then the return fee will be deemed to have failed the screening and 5.9 will apply. For A and B, where the calf (for B) is between 9 and 15 months old and still fails basic will be considered as one lot.

5.11 No other type of inspection may be carried out during sale screening.

5.12 At least one of the inspectors involved in the screening, or another official appointed by the Society, will be available on the day of the sale to provide a marketing presence for the seller and the Society to act in an advisory capacity to buyers and to ensure that the auction is conducted in compliance with the above rules.

5.13 After the auction (within three days after the sale), the inspector must send the signed screening list to the office for record keeping and statistics.

6 Duties of the auctioneer

6.1 The lot order must comply in full the applicable Society form and return it to the Society office only signed.

6.2 As the sale will be presented under the auspices of the Society, the sale pamphlet as well as all other advertising copies must be submitted to the Society for approval prior to publication. The official approved Society logo must appear on all advertising as well as the words "Sale held under the auspices of the Boran Cattle Breeders Society of SA".

6.3 The rules pertaining to sales presented under the auspices of the Society, together with other information supplied by the Society, must be published at the front of the sale catalogue.

6.4 Only animals on the catalogue may be sold.

6.5 No animals will be allowed to be off loaded at the sale venue if the required veterinary certificates are not presented to the auctioneer in his office responsible for offloading.

6.6 The auctioneer will provide one (1) person to assist the employers with the screening of sale animals.

6.7 The donor inspector is responsible for submitting the signed screening report to the Society within two (2) weeks of the sale.

6.8 The auctioneer is responsible for collecting the health, fertility and pregnancy certificates for each animal on the sale. The auctioneer is responsible for distributing these certificates to the new owners after the sale.

6.9 The membership numbers of buyers that are registered Boran breeders must be obtained and notified with the details of animals purchased by such buyers in the vendor rule.

6.10 Before commencement of a sale under the auspices of the Society.

6.10.1 The Auctioneer will explain the meaning thereof.

6.10.2 The Auctioneer will explain the meaning of 5.1 above.

6.10.3 will advise the buyers that the rules of the auction are included in the catalogue.

6.10.4 and will advise buyers that they have 90 days from the date of sale to address any issues of concern with the seller that require resolution.

6.11 The contracted Auctioneer is responsible for ensuring that between his organization and the sellers adequate public liability insurance is in place for the auction.

7 Dispersal Sales

7.1 All the requirements for sales under the auspices is applicable to dispersal sales as well as the following:

7.1.1 If a breeder intends to have the dispersal sale at two points, he may request in writing that Council extend his membership for the agreed upon period.

7.1.2 It must be clearly understood that the arrangement of further sales under the auspices of the Society subsequent to the sales is contingent on the agreement with the Society, yet not be permitted.

7.1.3 One year after the dispersal sale, the breeder's active membership of the Society and membership of SA Studbook will be cancelled and all animals not sold will be transferred to a member number. Each person may (option) as a breeder's ordinary member. After a lapse of five (5) years he may reapply for active membership of the Society and SA Studbook.

7.1.4 All Borens registered with the Society on the date of application in the name of the relevant breeder, company, trust, closed corporation, partnership, or trust must, in which he has an interest, must be presented on the dispersal sale.

7.1.5 Borens animals sold in a dispersal sale may not be transferred as registered animals in the seller's individual or company membership or any organization (e.g. Company, trust, closed corporation, partnership or trust name) in which he has an interest.

7.1.6 A breeder may sell his herd (registration Mark) at his dispersal sale. This will be avoided until completion of the required SA Studbook revision form.

7.1.7 The Society and SA Studbook membership of a breeder (or of the company selling, who have successfully applied for the presentation of a total dispersal sale under the auspices of the Society) will be extended to the end of the financial year within which the first sale takes place, and the full membership fee in respect of that period will be payable by the member/breeder. Thereafter the membership of the seller will be renewed or transferred to the respective member lot if the seller/s so wish. Under either of the aforementioned conditions, the seller/s concerned may only reapply for registered breeder membership upon the lapse of 5 (five) years.

8 Commissions and Fees

8.1 The Society will receive a commission, as fixed from time to time by Council, in respect of all sales held under the auspices of the Society. This will be calculated as a percentage of the total turnover of the sale. The commission will be collected from each seller and paid across to the Society within 7 (seven) working days, failing which penalty interest at the ruling prime rate will be levied.

8.2 Sellers who privately sell animals after the sale will be liable for the total commission as set out in the sale agreement. If these animals were entered for the sale and went through the ring.

8.3 Should a lot be accepted during an auction under the auspices of the Society regardless of who the buyer or the seller is, the commission will be payable on the sale.

8.4 Commission will be payable on semen and embryo sales.

9 Buyers

9.1 Should a problem arise with an animal that a buyer has purchased on the sale, the buyer has 90 days from the sale date to raise the issue with the seller and / or Council.

10 Sellers

10.1 Sellers are encouraged to bring all their own often to verify the stated percentage and avoid possible percentage disputes after the sale.

10.2 Sellers are expected to take the necessary remedial action in the event that the percentage of embryo calves of females sold under the auspices is not as stated in the catalogue when the calf is born after the sale. The onus is on the seller to reach an amicable solution with the buyer. Failing which the seller will refund the buyer and the buyer will return the Borens cow and calf to the seller.

10.3 Where females are in calf to "embryos", the identity numbers of the possible sires used must be supplied and each possible sire must have a DNA profile (Lab number) recorded.

10.4 All registered bulls used in the herd must have a DNA profile recorded on Loga.

10.5 For all entries the animal's sire's must be verified by DNA (compulsory for verification). However, both Sire and Dam verification is encouraged.

11 General Rules

11.1 All animals entered must be presented on the day of the sale and the Society reserves the right to demand veterinary certification regarding an animal's condition, either then or in the case of death and the subsequent cancellation of the animal.

11.2 All applications for other forms of sale (e.g. private sale under the auspices of the Society) should be submitted to the Society in sufficient time to allow for the practical application of the rules, plus contained in this document.

12 Requirements for Internet/Online Auctions

12.1 There must be a time span of four days between the closing dates of Internet/Online sales and the next auction's starting date.

12.2 All applications for internet/online auctions should be submitted timely and in writing to the Council with the view to the practical application of the principles contained in the rules for sales held under the auspices of the Boran Cattle Breeder's Society of South Africa. The sale screening costs for internet/online auctions will be direct costs for the seller. Screening of animals before an internet/online auction must be done within two weeks prior to the auction. Please submit your request for a screening in writing to the Technical Officer (Christopher Henning) and a screening will be arranged accordingly.

12.3 All necessary documents for internet/online auctions must be received by the office two weeks before the beginning of the auction. The documentation includes: Breeding success (external genitalia, internal genitalia, facial biomarkers), measured metacarpal evaluation of screen samples in both and facilitates for the testing of Tetracycline, Vitamin E and TB traits and females. Animals will not be sold if the documentation is not submitted in time. The same requirements apply as stated in the requirements for auctions held under the auspices of the Society (B.1 Annual Rules).

12.4 All other rules in this document also apply to internet/online auctions.

The successful marketing of Boran stud animals is an important aspect of our members' economic success. For this reason, all steps must be taken to ensure that the Boran we sell meet our breed standards and our requirements of quality. This is the only way we can build the trust of the buyer market. In addition, breeders are expected to conduct themselves with integrity and with the highest values and ethics of our fellow breeders and the Society. Please contact the Society or a council member should you have any suggestions on how to improve sales under the auspices of the Society. Best wishes for a successful sale.
