Hi Wendy

All the ewes that have lambed this season we bought in from other breeders. What I would like to know is how many ewes are registered on our name, im sure the ones we bought need to be transferred to our name? Please let me know so we can get all the records in order. Please find attached the amended lambing record sheet. I hope it's in order. Please let me know if there is anything else I need to change.

Kind regards
Duncan O'Gorman

Good day Duncan,

Regarding the attached document you send.

The lambs without the fathers can only be registered with a inspection as Appendix A on ten months or older.

I see the ewes you gave doesn't have any HDM's can you please provide them for me. If the ewes is you own ewes and you didn't bought them from other breeders you must first get them inspected by a inspector and send me the document where the inspector signed, inspection date and inspector number is on the document the only can I register the ewes as Appendix A ewes after that I can only register the lambs.

All the ram lambs without a father I can register as Not for Registration to keep the mothers lamb records up to date. This means that the ram lambs without any fathers yo can't use in the future but if you can provide me with the fathers they can be registered and the used in the stud.

If you have any questions please contact me on 051 410 0924.

Kind regards,

Wendy Wasserman

Hi Wendy

Ek en Duncan is ewe onkundig so jy moet maar help.

Sien sy e-pos hieronder.

Groete

Alma

Subject: Barber Farming Suffolk lambing records 2020

Hi Tannie Alma

Please find attached the excel sheet of the lambs born up until now. There are approximately 28 ewes still to lamb, due towards mid to late September.

I hope the attached is in order as this is new to us all but please don't hesitate to contact me if any changes need to be made or additional info

is required.

Warm regards

Duncan O'Gorman
