Hi Michelle

As previously mentioned, these cows were pregnant when PD bought them from me in August 2019 which means they were mated at Winston when they were still in my possession.

So yes, technically we co-used both these bulls.

We have been trying to get these animals off the pending list for ages, was this the problem?

Kindly confirm if MR PD ROETS was a co-user of these two bulls ? The progeny of these bulls will pull through once Mr Roets is added as a co-user.

Thank you, have a great day :)

kind regards
