WORLD WIDE SIRES, 5545 AVERIDA DE LOS ROBLES, VISALIA, CA, USA.

TOTAL: 96

CONDITION

- Certification by the exporting country that the number of unfrozen (live) spermatozoa per dose complies with the minimum amount specified on the reverse side of this document.**
- DNA profiles must be provided to the Register of Animal Improvement, and relevant Breeders Society before release from quarantine, if not available at time of importation.**

This authorization is subject to the compliance with the veterinary requirements set out in the attached permit and is also subject there that the intended importation meets with all the provisions of the said Act. This authorization does not exempt the importer from the provisions of any other law. This authorization may be withdrawn by the Registrar should any false information be discovered in the application. This authorization is also not transferable. Imported semen shall under no circumstances be transferred, sold, given, donated to any other person or body unless prior written approval from the Registrar has been obtained. Any such approval shall be considered as new application for the importation of semen.

- GIBSON was added to the lineup as a proven calving ease sire that also offers the extra bells and whistles.
- He ranks in the top 1% for \$M, CLAW and REA and top 2% for ANGLE and \$C.
- Look for these calves to come easy and have the added muscle shape that most calving ease sires do not offer.
- Elite foot scores and added muscle and body make GIBSON an ideal choice to create replacement females.
