Dear Louise,

I have just been looking at the latest per capita list on the Logix web site and noticed that I have made an error on one of the calves.

Would it be possible for you to please change it for me ?

The calf in question is MNS 200023

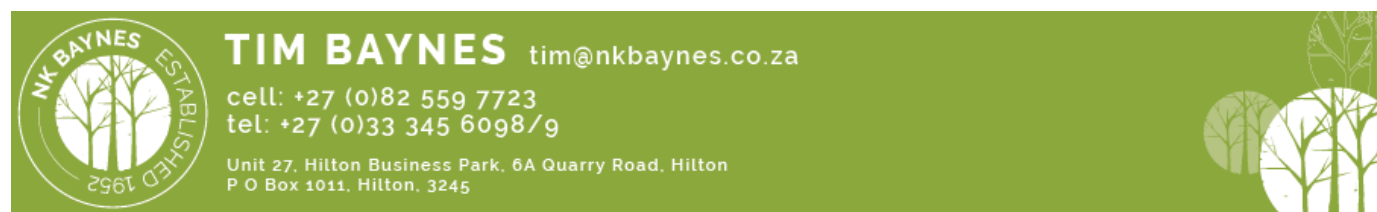

I have its Dam down as NGIFRV 110030 (0072969355) when the dam should in fact be NGIFRV 110038 (0073600496).

Please would you be kind enough to amend this for me.

Sorry for the inconvenience,

Kind regards,

Tim
