Hi Chantelle,

I was hoping you could assist me or point me in the right direction. Firstly I apologise for this as I know my admin was slack, I never checked the Logix Inspection form(attached) when I initially received it to confirm that it matched the inspected animals that were upgraded as per the submitted Inspection Form(attached). Only recently did I check the SA Stud Book Per Capita List(Attached) and I've picked up omissions and errors that I would like to have rectified.

Incorrect ID numbers that need to be removed:

1. ERC 20 0027
2. ERC 20 0040
3. ERC 20 0094

ID numbers that were omitted that need to be added, as per submitted Inspection Form:

1. ERC 19 0017
2. ERC 19 0027
3. ERC 19 0040
4. ERC 22 0094

Animals with the same ID numbers, duplicates that were omitted that need to be added:

1. EDK 20 0021(as per inspection form) change to ERC 20 0022 so as not to duplicate
2. EDK 20 0110(as per inspection form) change to ERC 20 0111 so as not to duplicate
3. ZYL 20 0011(as per inspection form) change to ERC 20 0012 so as not to duplicate
4. WA 20 0001(as per inspection form) change to ERC 20 0003 so as not to duplicate

SP heifer omitted:

1. ZYL 23 0002 - calf at side of ZYL 16 0016 when we bought her from Slagkraal Bonsmara last year, I am not sure if she was originally registered by Slagkraal

Thanks so much for the assistance and please advise if you require anything further from me. Again I apologise for the inconvenience caused.

Kind Regards,

Nic Chapman
