With reference to Permit No S0287/20-1, 20-2 date 2020-08-24 issued in your favour by the Registrar, Animal Improvement Act, 1998 authority is hereby granted to introduce into the Republic of South Africa 12391 doses of semen provided that the following conditions are complied with:

1. By making use of this veterinary import permit, the importer, named above, accepts the sole responsibility to ensure that all the conditions stated in this veterinary import permit and the veterinary health certificate on the overleaf, are complied with in full.
2. The consignment may only be exported from **Denmark** to South Africa, and may not travel by land, air or ship through any third country or area, unless written permission is granted by the Director Animal Health.
3. The consignment must be accompanied by:
 - 3.1 this original import permit and
 - 3.2 the agreed upon model health certificate (that conforms to the one overleaf), issued by a veterinarian authorised thereto by the Veterinary Authority of **Denmark**.
4. The semen must be adequately, securely and hygienically packed in flasks which were cleansed and disinfected and containing unused cryogenic material; sealed under veterinary supervision and conveyed by air to O.R. Tambo (Johannesburg) International Airport.
5. The arrival of the consignment must be reported to the State Veterinarian or his/her representative **KEMPTON PARK** Tel: 011 393 7980/83/84/85 Fax: 011 973 2828 and may not be removed from the place/port of entry without his/her permission and subject to any conditions imposed by such written permission.
6. The animals which have been inseminated with the imported semen may not be removed from the property for a period of at least thirty (30) days after insemination.
7. Any illness or death of cattle during this period of restriction must immediately be reported to the State Veterinarian of the area.
8. Full records of all sales reflecting the specific end users of the semen must be kept on file and made available to the Directorate of Animal Health on request.
9. The container and receptacles in which the semen is transported as well as all insemination apparatus used must be disinfected to the satisfaction of the State Veterinarian concerned.
10. This permit is valid for ONE CONSIGNMENT only and is subject to amendment or cancellation by the Director Animal Health of the Republic of South Africa at any time without prior notice being given.
