1 Introduction

1.1 Definitions

- 1.1.1 Registered Boran means a Boran that has been entered and accepted onto the BCBS herd database (Logix) A Boran will be accepted into the calf book section (SP/No (LB) on receipt of the calf birth notification. A Boran will be promoted to Studbook Proper (SP/No REC) on passing inspection. A Boran that has been birth notified but registration is pending resolution of an outstanding issue is not a registered Boran in terms of these sale rules. Examples could include the following: Parentage not Verified (PNV), Parents not Inspected (PNI), MS (Multi Sire requiring verification), Sire requiring verification (PVS) and Dam requiring verification (PED).
- 1.1.2 Inspection is a visual appraisal of a Boran by BCBS approved inspectors to ensure compliance with the society's standards of excellence. A Boran must pass inspection to be promoted to the Studbook Proper (SP/No REC) section of the society's herd database within the stipulated timeline. A Boran that fails inspection will be deregistered and removed from the herd database.
- 1.1.3 Screening at sales is an appraisal of a Boran for functional faults and compliance with Society norms and minimum breed standards. In the case of Boran still registered in the calf book section of the herd book, screening does not qualify as an inspection.
- 1.1.4 A Dispersal Sale will be held by a Breeder who is permanently discontinuing the business of breeding and farming with registered Boran, and consequently needs to sell all his registered animals to facilitate deregistration as an active breeder with the society. This sale will be deemed to be a dispersal sale and hence trigger breeder deregistration.
- 1.1.4.1 The breeder uses the word "dispersal" or similar words or phrases in their advertising and/or marketing of the sale.
- 1.1.4.2 The member informs the society it is a dispersal sale.

- 1.2 Members of the Society are encouraged to sell registered Borans under the auspices of the Society. This will ensure that:
 - 1.2.1 the Boran comply with the Society's minimum standards of purity and functionality by verifying the pedigree and performance data;
 - 1.2.2 the Boran is of a consistent quality and high standard by screening each animal on offer;
 - 1.2.3 your clients are protected in that all animals on offer meet the breed standard;
 - 1.2.4 your clients have a reliable method of addressing possible queries and complaints;
 - 1.2.5 the breed develops a trustworthy reputation in the beef industry which builds buyer confidence and peace of mind.

- 1.3 The Society will support you in the event of queries, dispute resolution, marketing and publicity.

- 1.2.6 the benefit of "quality at a fair price" is offered to both buyers and sellers and thereby builds the trust of the buyer market, ensuring the sustainability of our breed.
- 1.3 The Society will approve any production sale of registered Boran cattle provided that:
 - 1.3.1 Prior to the announcement of such sale, the seller must contact the Society with the details of the sale;
 - 1.3.2 Both the Sellers and the Society will sign a written agreement;
 - 1.3.3 The Seller adheres to the requirements detailed further in this document;
 - 1.3.4 Should the requirements detailed not be met, the Society will be entitled to:
 - 1.3.4.1 renegotiate the requirements;
 - 1.3.4.2 withdraw permission that the sale be presented under the auspices of the Society;
 - 1.3.4.3 if warranted, suspend the membership of the relevant member.

- 2.3 On approval of the application the Society office will furnish the organizer with the official entry forms, which must be completed and returned to the office at least 2 (two) months prior to the date of the relevant sale.
