Good day Liesel

After much thought and consideration I have come to the point where I feel it necessary to de-register my registered cattle. My cattle operation is a small part of my business and our market in KZN for registered bulls is very limited. I am battling to find a good reason to continue to run the two separate herds of cattle through the recording systems and feel it would be a big benefit to run one herd of Hereford cattle but as a grade herd.

I would like to remain affiliated with the Hereford society and be kept up to date with all its business but not run the pedigrees. I am really enjoying my Herefords and growing the herd and they are performing well, but my family do not wish to be in the stud section of the industry.

Please let me know what to do going forward.

I have enjoyed many years in the Hereford family and appreciated the quality of the cattle and the people running the organisation and look forward to still being in contact.

Your sincerely

Howard Long.
