GENUS BREEDING LTD ALPHA BUILDING, LONDON ROAD, NANTWITCH, CW5 7JW, UNITED KINGDOM.

TOTAL: 750

CONDITION

- Certification by the exporting country that the number of unfrozen (live) spermatozoa per dose complies with the minimum amount specified on the reverse side of this document.
- DNA profiles must be provided to the Registrar of Animal Improvement, and the relevant Breeders Society before release from quarantine, if not available at time of importation.

This authorization is subject to the compliance with the veterinary requirements set out in the attached permit and is also subject thereto that the intended importation meets with all the provisions of the said Act. This authorization does not exempt the importer from the provisions of any other law. This authorization may be withdrawn by the Registrar should any false information be discovered in the application. This authorization is also not transferable. Imported semen shall under no circumstances be transferred, sold, given or donated to any other person or body unless prior written approval from the Registrar has been obtained. Any such approval shall be considered as new application for the importation of semen.

VETERINARY IMPORT PERMIT FOR BOVINE SEMEN FROM THE UNITED KINGDOM **(Issued in terms of the Animal Diseases Act, 1984)**

With reference to Permit No **S0208/20-1** date **2020/06/17** issued in your favour by the Registrar, Animal Improvement Act, 1998 authority is hereby granted to introduce into the Republic of South Africa **750** doses of semen provided that the following conditions are complied with:

1. The consignment must be accompanied by:
 - 1.1 this original import permit and
 - 1.2 the agreed upon model health certificate (that conforms to the one overleaf) in two parts, Part A 511EHC (Revised 08-04-2014) and Part B 511CON(Revised 08-04-2014), issued by a veterinarian authorised thereto by the Veterinary Authority of **THE UNITED KINGDOM**.
3. The semen must be adequately, securely and hygienically packed in flasks which were cleansed and disinfected and containing unused cryogenic material; sealed under veterinary supervision and conveyed by air to Cape Town International Airport.
4. The arrival of the consignment must be reported to the State Veterinarian **CAPE TOWN INTERNATIONAL AIRPORT** Tel: **021 421 0270** Fax: **021 421 9985** and may not be removed from the place/port of entry without his/her permission and subject to any conditions imposed by such written permission.
5. The animals which have been inseminated with the imported semen may not be removed from the property for a period of at least thirty (30) days after insemination.
6. Any illness or death of cattle during this period of restriction must immediately be reported to the State Veterinarian of the area.
7. Full records of all sales reflecting the specific end users of the semen must be kept on file and made available to the Directorate of Animal Health on request.
8. This permit is valid for **ONE CONSIGNMENT** only and is subject to amendment or cancellation by the Director Animal Health of the Republic of South Africa at any time without prior notice being given.
