Hi Wilaana

I am trying to capture births for Brian Macaskill 055622300.

Logix is telling me that this number already exists in the logix data base, but it is not under the dam's progeny page, so I don't know where it is!

The Dam is 0085224244
Calf born 16/09/2020, heifer BJM20018, Bigstar's Mellany
Sire is : Bigstar - 0084390418

Are you able to help me calve this dam please?

Kind Regards

Juliet Macaskill
