Dear Marietjie,

Sorry I thought it would attach.

Please could you correct a birth notification for us as follows:

Cow: FW180057 was registered as having a calf number FW200078 but in fact she had twins, so please could you enter the second calf as FW20090 it's a bull calf and weighed 28 kgs at birth.

Regards
Friedel Keyser
Lovu Angus

Hi

Attachment is empty please resend it.

Enjoy the day!

Marietjie
