Good day Marietjie

Trust you are well.

I would like you to please rectify a few animals that was registered wrongly. Our breeder number is: 0579531 NGI.

1. ANS 18-206 is a heifer and registered as a bull.
2. ANS 18-209 is a heifer and registered as a bull.
3. ANS 18-208 is a bull and registered as a heifer.

4. I would also like you to rectify animal ANS 14-102 births. We have recorded that she aborted on the 02/12/2019. Can you please cancel this birth because she has given birth on 30/05/2020 to a heifer and the calf number is 20-34 and the sire is KM 7-123 and her colour is black.

I thank you so very much for all your help and sorry for any inconvenience caused.

Kind Regards,

Aslam
