Dear Henriette and Andrea

Greetings to you again and trust that you are well

Please find attached herewith a list of further birth notifications. Please go to the tab marked "Later lambs 2020" and register these births for me.

I have a few queries and you will see that on the list of births that I have written "not list" next to some of them which basically means that the dams are not on my per capita list. Please could you therefore let me know why each of the following ewes are not on the list. (These are the ones that I have marked on the sheet as "not list")

GMO 18-13 *Ram*

GMO 18-16 *"*

GMO 18-79 *NOR*

GMO 16-02 *SOC Rep-Green*

GMO 13-56 *" Julie 2017*

Thanks and regards

Geoff
