1.1.1 Registered Boran means a Boran that has been entered and accepted onto the ICBB herd database (ICBB). A Boran will be entered into the ICBB section (SPN/CB) on receipt of the call entry notification. A Boran will be promoted to the ICBB section (SPN/CB) on passing inspection. A Boran that has been birth recorded but registration is pending resolution of an outstanding issue is not a registered Boran in terms of these sales rules. Example may include the following: Pedigree not verified (PND), Pedigree not inspected (PNI), MS (Mile) not required (MNR), etc. requiring certain (PNC) or item requiring notification (PNT).

1.1.2 Inspection is a visual appraisal of a Boran by BC35 qualified inspectors to ensure compliance with the society's standards of excellence. A Boran must pass inspection to be promoted to the ICBB section (SPN/CB) of the society's herd database under the stipulated timeline. A Boran that fails inspection will be deregistered and removed from the herd database.

1.1.3 Screening at sales is an appraisal of a Boran for functional traits and conformance with Society norms and standards in breed standards. In the case of Boran still registered in the call book section of the herd book, screening does not qualify as an inspection.

1.1.4 A Display of Sale will be held by a Breeder who is personally overseeing the business of breeding and farming with registered Boran and contractually needs to sell all his registered animals to facilitate registration as a full member with the society. This sale will be deemed to be a display sale and hence trigger broader deregistration if:

1.1.4.1 the breeder uses the word "display" or similar words or phrases in their advertising and/or marketing of the sale.

1.1.4.2 the member informs the society it is a display sale.

1.2 Members of the Society are encouraged to sell registered Borans under the auspices of the Society. This will ensure that:

- 1.2.1 the Boran comply with the Society's minimum standards of purity and functionality by verifying the pedigree and performance data.
- 1.2.2 the Boran is of a consistent quality and high standard by screening each animal on offer.
- 1.2.3 year clients are protected in that all animals on offer meet the breed standard.
- 1.2.4 year clients have a reliable method of obtaining possible queries and complaints.
- 1.2.5 the breed develops successfully representing the breed industry which builds buyer confidence and peace of mind.

1.2.6 the breeder can support you in the event of queries, dispute resolution, marketing and liability.

1.2.7 the benefit of "quality at a fair price" is offered to both buyers and sellers and thereby uplift the trust of the buyer market, ensuring the sustainability of our breed.

1.3 The Society will approve any jurisdiction sale of registered Boran cattle as a private sale.
