TOTAL: 56

CONDITION

- Certification by the exporting country that the number of unfrozen (live) spermatozoa per dose complies with the minimum amount specified on the reverse side of this document.
- DNA profiles must be provided to the Registrar of Animal Improvement, and the relevant Breeders Society before release from quarantine, if not available at time of importation.

This authorization is subject to the compliance with the veterinary requirements set out in the attached permit and is also subject thereto that the intended importation meets with all the provisions of the said Act. This authorization does not exempt the importer from the provisions of any other law. This authorization may withdrawn by the Registrar should any false information be discovered in the application. This authorization is also not transferable. Imported semen shall under no circumstances be transferred, sold, given or donated to may other person or body unless prior written approval from the Registrar has been obtained. Any such approval shall be considered as new application for the importation of semen.

- ▶ One of the highest Red Angus bulls of the 2024 sale season, CADILLAC does so many things right. He offers amazing phenotype, ideal feet and legs and a performance-loaded data set.
- ▶ His dam is a beautiful Franchise daughter with a picture-perfect udder and an excellent production record of 97 BW, 109 WW, and 112 YW on four calves giving her a 107 MPPA.
- ▶ He is massive bodied with lots of muscle and ranks near the top of the breed for REA.
- ▶ His sire, Confidence G1410, one of the most sought after sires in the breed, is now deceased with limited semen available. CADILLAC is perfect to continue his legacy.
- ▶ CADILLAC is sure to be a breed changer with a chance to make an explosive impact on the Red Angus breed.
