Subject: CATTLE REGISTRATIONS

Dear Marietjie,

Please can you assist me with the following queries :

1. WT170043
I purchased Lot 2 on the National Auction – Bull registration number 0086549730

Can you please change the ownership to reflect under my name for me ?

1. ANS 130066
We have had some discussion about this cow who has recently given me another calf – which I registered as MNS 200032 (computer number 0090964164)
This calf is however not reflecting as part of my inventory
I am sure it is because the dam was too old at calving – but it was agreed that she would be given another chance as she has now given me 4 calves in total.
She is registered and is on my inventory list. Calves are as follows :
MNS 170001; MNS 180010 (in my inventory list) ; MNS 190028 (in my inventory list); MNS 200032 (NOT SHOWING ON THE INVENTORY LIST)
Please can you advise if this can be added to my list ?

1. LRC 17007 (0085500080)
This heifer was purchased at the Umsenge Nguni auction last year and was put to my bull and dropped her calf on the 1.11.2020. This was at 41 months and she has the same problem noted above. She is an exceptional cow – and I would like her to be given another chance please and not to be cancelled.

Please can you confirm if this is possible – and lets see how quickly she starts to drop her future calves.

I look forward to hearing back from you regarding the above,

All the best,

Tim

done as ask

Dear Louise,

I have just been looking at the latest per capita list on the Logix web site and noticed that I have made an error on one of the calves.

Would it be possible for you to please change it for me ?

The calf in question is MNS 200023

I have its Dam down as NGIFRV 110030 (0072969355) when the dam should in fact be NGIFRV 110038 (0073600496).

Please would you be kind enough to amend this for me.

Sorry for the inconvenience,

Kind regards,

Tim
