**Cc:** rohanneethling7@gmail.com  
**Subject:** FW: PJR 19 36 (F) Unistel lab nr: 8728U063  
**Attachments:** Batch-8728U063\_Inq.pdf

Hi Suzette

Ek hoop jy het lekker naweek gehou en lekker pop gespeel.

Kan jy my aseblief raad gee hier?

PJR 19 36 (f) Unistel lab nr: 8728U063  
DOB: 19/01/2019  
DOB: OE 10 52  
SIRE: PJR 15 39

Die probeem is date die ma EO 10 52 reeds n ander 2019 kalf op haar profiel het. Daar is egter nie op die stadium so n dier op die plaas nie, Ek kan dus nie DNA van daardie dier trek om te kan uitvind wie die dier se regte ma is nie.  
Hoe gaan ek dan maak om PJR 19 36 by haar regte ma te sit?

Hier is dan haar nageslag ook:

**PJR 21 152 (F) Unistel lab nr: 8728U020**  
DOB: 18/12/2021  
DAM: PJR 19 36  
SIRE: HOT 15 14

**TLN 23 121 (M) Die kalf is "sold commercial as speenkalf"**  
DOB: 18/01/2023  
DAM: PJR 19 36  
SIRE: HOT 15 14

TLN 24 40 (M) Geb gewig 40Kg  
DOB: 21/03/2024  
DAM: PJR 19 36 – Kalwingsgewig 468 kg  
SIRE: VST 11 01

Ek sal dit waardeer is jy asb vir my hierdie kan regmaak op Logix

Baie dankie vir jou hulp.

Groete

Jeannie Angus du Plessis

Hi Jeannie,

Ek hoop dit gaan goed.

Ons het nie 'n profiel op rekord van RKB14-0011 nie. RKB11-0014 is wel getoets en pas nie.

Is EO10-0052 dalk moontlik as moeder van PJR19-0036 (8728U063)?

Groete,

**JC Bothma**

Unistel report these results on the premise that the biological samples received are from the individuals nominated by the owner/ breeder/ requestee. This Certificate replaces all previously issued certificates.

**Disclaimer:** While every reasonable effort is made to prevent faulty results, Unistel Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. The results relate only to the samples tested. Should gross negligence be proven, the claim shall not exceed the value of the contract

**Please note:** some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories. Unistel Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our STR profiles.

Goeie naand Suzette

Sal jy asseblief hierdie paar diere vir my op Logix laai en ander regmaak?

Indien daar enige probleme is, sal ek dit so gou moontlik vir jou regstel

Ek het ook aan die epos vir jou DNA uitslae, ek stuur vir jou die volgende epos met die ander uitsaande DNA

Baie dankie dat jy my altyd help. Ek waardeer dit regtig baie.

Groete

Jeannie Angus du Plessis

Page : 8

Unistel report these results on the premise that the biological samples received are from the individuals nominated by the owner/ breeder/ requestee. This Certificate replaces all previously issued certificates.

**Disclaimer:** While every reasonable effort is made to prevent faulty results, Unistel Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. The results relate only to the samples tested. Should gross negligence be proven, the claim shall not exceed the value of the contract

**Please note:** some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories. Unistel Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our STR profiles.

**Report Date : 04-Nov-2022 14:56**

Unistel report these results on the premise that the biological samples received are from the individuals nominated by the owner/ breeder/ requestee. This Certificate replaces all previously issued certificates. **Disclaimer:** While every reasonable effort is made to prevent faulty results, Unistel Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. Should gross negligence be proven the claim shall not exceed the value of the contract. **Please note:** some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories. Unistel Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our STR profiles.
