The verity of the results depends on the assumption that the submitted samples represent the indicated by the submitter. Although S.A. Stud Book is notified of all DNA numbers issued, parentage results are kept confidential, except when the results form part of the annual verification program conducted by S.A. Stud Book. These genotypes were generated using for DNA profiling in livestock. While extensive measures were taken to ensure the integrity the ARC assumes no liability for errors that may arise as a result of their veracity, interpretation
