8. Commission and Fees 8
9. Buyers 8
10. Sellers 8
11. General Rules 9
12. Requirements for Internet/Online Auctions 9

1 Introduction

1.1 Definitions

1.1.1 Registered Boran means a Boran that has been entered and accepted onto the RCBS herd database Logix. A Boran will be entered into the calf book section (SP/No CLB) on receipt of the calf birth notification. A Boran will be promoted to Studbook Proper (SP/No REG) on passing inspection. A Boran that has been birth notified but registration is pending resolution of an outstanding issue is not a registered Boran in terms of these sale rules. Examples could include the following: - Parentage not Verified (PNV), Parents not Inspected (PNI), MS (Multi Sire requiring verification), Sire requiring verification (PBS) and Dam requiring verification (PFD).

1.1.2 Inspection is a visual appraisal of a Boran by RCBS approved inspectors to ensure compliance with the Society's standards of excellence. A Boran must pass inspection to be promoted to the Studbook Proper (SP/No REG) section of the society's herd database within the stipulated timeline. A Boran that fails inspection will be deregistered and removed from the herd database.

1.1.3 Screening at sales is an appraisal of a Boran for functional faults and compliance with Society norms and minimum breed standards. In the case of Boran still registered in the calf book section of the herd book, screening does not qualify as an inspection.

1.1.4 A Dispersal Sale will be held by a Breeder who is permanently discontinuing the business of breeding and farming with registered Boran, and consequently needs to sell all his registered animals to facilitate deregistration as an active breeder with the Society. This sale will be deemed to be a dispersal sale and hence trigger breeder deregistration if:

1.1.4.1 the breeder uses the word "dispersal" or similar words or phrases in their advertising and/or marketing of the sale.

1.1.4.2 the member informs the Society it is a dispersal sale.

1.2 Members of the Society are encouraged to sell registered Borans under the auspices of the Society. This will ensure that:

1.2.1 the Boran comply with the Society's minimum standards of purity and functionality by verifying the pedigree and performance data.

1.2.2 the Boran is of a consistent quality and high standard by screening each animal on offer.

1.2.3 your clients are protected in that all animals on offer meet the breed standard.

1.2.4 your clients have a reliable method of addressing possible queries and complaints.

1.2.5 the breed develops a trustworthy reputation in the beef industry which builds buyer confidence and peace of mind.

1.2.6 the society can support you in the event of queries, dispute resolution, marketing and publicity.

1.2.7 the benefit of "quality at a fair price" is offered to both buyers and sellers and thereby builds the trust of the buyer market, ensuring the sustainability of our breed.

1.3 The Society will approve any production sale of registered Boran cattle provided that:

1.3.1 Prior to the announcement of such sale, the seller must contact the Society with the details of the sale.

1.3.2 Both the Sellers and the Society will sign a written agreement.

1.3.3 The Seller adheres to the requirements detailed further in this document.

1.3.4 Should the requirements detailed not be met, the Society will be entitled to:

1.3.4.1 renegotiate the requirements
1.3.4.2 withdraw permission that the sale be presented under the auspices of the Society
1.3.4.3 if warranted, suspend the membership of the relevant member.

2 Application to hold a sale under the auspices of the Boran Society

2.1 All sellers' accounts may not be outstanding with the Society for more than 60 days.

2.2 The Society and the appointed organizer will handle all communication pertaining to the sale. The organizer will be responsible for the communication with other sellers involved with the sale.

2.3 On approval of the application the Society office will furnish the organizer with the official entry forms, which must be completed and returned to the office at least 2 (two) months prior to the date of the relevant sale.

2.4 Each seller and the Society will sign a written agreement concerning the conditions that will apply to the sale.

2.5 It is the responsibility of the seller to provide all fertility, pregnancy and health certificates prior to the sale and deliver the originals to the auctioneers before the screening date and time.

2.6 It is recommended that sales in the same area should not be presented within one week of each other (a province will be regarded as the guideline) unless the organizers of both sales agree to such an arrangement.

2.7 Only one auction under the auspices of the society can be held on any one day.

2.8 No other sale may be held three (3) weeks prior to the National sale.

2.9 Existing sales history will be taken into consideration when sale dates are allocated by the Society. If an auction with history is booked for two years in a row and the auction does not take place in these two years, the seller forfeits the date and the date can be allocated to another seller. If a date is booked and the date change or the auction is cancelled, a fee of R1000 will be charged. If there is a valid reason for the change of the date or the cancellation of the auction, the motivation must be submitted to the council for exemption.

2.10 A document detailing the roles and duties of the auctioneers will be submitted to the relevant auctioneers for their signature. The Society reserves the right not to approve an application for a sale to be presented under the auspices of the Society should it emerge that the auctioneering firm is in dispute with the Society.

2.11 Council and staff members of the Society, in their personal capacity, are indemnified against any claims lodged by either buyers or sellers arising from the sale of animals at such a sale.

3 Requirements for animals, embryos, and semen on offer

3.1 Society and Legislative Requirements

3.1.1 All Boran on offer must be registered with the Boran Cattle Breeders' Society. The birth notification of calves born up to the day of sale must be submitted to the Society by the seller. Calves born on sale day will be registered by the new owner.

3.1.2 Animals not conforming to the minimum breed standards of the Society may not be sold at a sale offered under the auspices of the Society.

3.1.3 The pregnancy status of cows on offer must be such that they calve according to the minimum reproduction standards as specified in the Bylaws of the Society.

3.1.4 No female may be offered that is knowingly in calf to any bull other than a registered Boran bull.

3.1.5 Embryos offered for sale, donated, included in a lot, or linked to a sale of a lot must be:

3.1.5.1 flushed from Boran cows registered with the Society.

3.1.5.2 accompanied by a signed certificate confirming parentage details, the grade of the embryos and confirmation that the embryos were collected by a registered embryologist at a registered quarantine station.

3.1.6 All females older than 30 months on the date of the sale must be certified in calf by a registered veterinarian.

3.1.7 A cow may be sold with her calf at foot provided that the calf is not older than nine months of age at the date of sale.

3.1.8 If the calf is younger than nine months, then the cow does not have to be confirmed in calf.

3.1.9 Should a seller retain semen straws or a semen share in a bull, it must be declared as part of the information that appears in the sale catalogue.

3.1.10 When an animal that is jointly owned is offered for sale:

3.1.10.1 The seller must specify the percentage share to be sold together with any other conditions or restrictions that may apply.

3.1.10.2 The progeny of the said animal, as recorded and shown on Logix, must be included in the catalogue.

3.1.11 It is important for buyers to note that all Boran registered in the Society's calf book section (SP CLB), which are offered for sale under the auspices, are subject to inspection by the buyer. The screening prior to the sale does not constitute an inspection.

3.1.17 Cattle that are not "auction worthy" may under no circumstances be offered at the auction.

3.2 Animal Health

3.2.1 All animals offered must have been tested negative in respect of CA and TB as near as possible to the sale date, but not more than three months prior to the date of the sale.

3.2.2 Calves sold at foot with their dams are exempt from TB and CA tests.

3.2.3 If any of the animals offered for sale test positive for CA, TB, Trichomonosis or Vibriosis, all the animals offered for sale by the breeder must immediately be withdrawn from the sale, and the office must be informed.

3.2.4 Pregnancy certificates stating number of months pregnant, must be presented to the auctioneer and must correspond with the information given to the office when compiling the catalogue. The pregnancy certificate may not be older than three months prior to the date of the sale

3.2.5 Within three months prior to the sale, bulls twenty-four (24) months and older, must:

3.2.5.1 have been tested by a veterinarian or a registered veterinary technologist/semen collector for breeding soundness (external, internal genitalia, macro and microscopic evaluation of semen samples).

3.2.5.2 be tested negative in respect of Trichomonosis, Vibriosis, CA and TB.

3.2.6 Only semen from bulls registered and inspected with the Society, registered in accordance with the Animal Improvement Act No.62 of 1998, have DNA parental verification, and collected by a registered semen collector at a registered quarantine station, may be offered for sale, consisted, included in any lot or linked to a sale of a lot. The applicable certification from the quarantine station must be submitted to the Society at least 28 (twenty-eight) days prior to the sale date.

3.2.7 The health and pregnancy certificates must be submitted by the seller to the auctioneer prior to offloading the Boran at the sale. No animals will be off-loaded at the sale facility if the certificates are not presented to the auctioneer or his responsible official prior to offloading.

3.2.8 Council reserves the right to institute disciplinary action against a breeder who had, according to the discretion of Council, administered hormones/steroids to an animal, which is regarded as unethical and a misrepresentation of such animal.

4 Catalogue

The catalogue is key to a successful sale and to the sellers marketing program. For this reason, it is important that sellers plan their sales well in advance. To provide the required service to seller's deadlines have to be strictly enforced by the society so as as to meet the objectives outlined in this document.

4.1 The seller is required to submit all the required information to the Society 28 days before the date of the sale. Example: If the auction is on the 30th July, the latest submission time and date would be at 17:00 on the 2nd July.

4.1.1 Only animals that meet the following requirements can be included in the catalogue:

4.1.1.1 appear on the Logix report titled "Selection/Admin" on Kraal Kiosk and have the status "Reg" as the submission date. The exception is where the calf is older than 9 months but younger than 15 months, the calf can be included in the catalogue with the CB status, as a lot B.

4.1.1.2 and in the case of females on the day of sale will:

4.1.1.2.1 Have an average ICP less than 730 days

4.1.1.2.2 Have calved before 42 months

4.1.1.2.3 Have been certified in calf by a veterinarian if older than 30 months

4.1.1.2.4 Must have a calf at foot since her first embryo program.

4.1.2 If a breeder submits an entry that has been processed from CLB to REG in the Selection/Admin report within 4 days after the cutoff time in 4.1, a late entry fee of R500 will be charged per lot to cover administration costs. If an animal is substituted (replaced) with another animal after the cutoff date, a fee of R500 will be charged per lot to cover administration costs.

4.1.2.1 The late entry request form will need to be completed and submitted to the office.

4.1.2.2 The fee will be invoiced and charged to the breeders account and will be payable even if the animal is screened off at the sale.

4.1.3 The seller must provide all the relevant information required on the entry form.

4.1.4 Upon receipt of the relevant entry information, the Society will check the entries and submit a concept sale catalogue within 21 (twenty-one) days of the date of the sale to the sale organizer for approval. A period of 5 (five) working days will be granted to the organiser to submit any changes that are required. The Society will then submit the final catalogue to the auctioneers two weeks prior to the sale date.

4.1.5 Should any information provided by the breeder to the Society for the catalogue, change between the date of submission in 4.1 above and the sale date, then the onus is upon the breeder to advise the office, the auctioneer and the inspectors responsible for the screening of such changes prior to screening.

4.1.6 The sale catalogue will conform to the SA Studbook design.

4.1.7 All the breeders' registered animals for sale will be listed in lot sequence in the catalogue.

4.1.8 The rules pertaining to the sales presented under the auspices of the Society must be published at the front of the sale catalogue.

4.1.9 No changes to the catalogue can be made after the entry date has expired.

4.1.10 The sale catalogues provide an enclosure per seller. This enclosure will be used by the inspectors for the screening of the animals offered at the auction.

4.1.11 The following applies to the breeder comments on the catalogue:

4.1.11.1 The comments box is limited to a certain number of characters. Where relevant, the information below must be displayed and takes precedence over general comments.

4.1.11.2 Pregnancy must be recorded in months.

4.1.11.3 If a cow is sold with the calf, the calf's number and its sire must be recorded.

4.1.11.4 If the cow is pregnant, it must be recorded who the possible sire of the calf will be and how far she is pregnant. The possible sire's ID must be recorded.

4.1.11.5 If the heifer or cow is running with a bull/s, the bull must be in possession of the seller or a loan bull to him. The bull's ID must also be recorded.

4.1.11.6 After that, further comments from breeder can be recorded.

5 Screening

5.1 The purpose of the screening is:

5.1.1 to verify the identification of the animals on offer

5.1.2 to inspect them for functional faults and compliance with Society norms and minimum breed standards

5.1.3 to verify that animals that have been flagged by the administrative office meet minimum production standards on the day of the sale.

5.2 The inspectors officiating at a sale screening may not sell Boran registered in their name on that same sale.

5.3 All animals (SP, CLB and Appendix A, B, C) presented at the sale will be screened. Boran marked Not for Registration (NFR) will not be subject to screening. CLB (Calf book) animals that pass screening on the day of the sale are still subject to inspection at the required age.

5.4 Sale animals must be available for screening at 17:00 the day before the sale. The Boran office will appoint three senior (3) inspectors for screening animals as sale worthy for the National sale and two (2) senior inspectors for all other sales.

5.5 Only the auctioneer's representative will be allowed to accompany the nominated inspectors during screening.

5.6 The inspectors will advise the sellers of animals that have been screened off the sale.

5.7 Sellers must be present or at least contactable after screening. Should sellers not be present, the information will be given to the representatives of the auctioneering firm.

5.8 The inspectors will advise the representative of the Auctioneering firm of any animals that fail the screening. The findings of the inspectors will be final.

5.9 A breeder of a Boran (both bulls and females) that fail screening shall have either of the following two options.

EXPLANATION OF CATALOGUE ABBREVIATIONS		VERDUIDELIKING VAN KATALOGUS AFKORTINGS	
Lot Number	LOT	LOT	Lot Nommer
Estimated breeding value	EBV	BTW	Beraamde teelwaarde
Parentage verification	Parentage	Ouerskap	Ouerskap verifikasie
Age in years	AGE	OUD	Ouderdom in jare
Age at First Calving	AFC	OEK	Ouderdom met Eerste Kalwing
Intercalving Period	ICP	TKP	Tussen-Kalf Periode
Number of calvings	Calvings	Kalwings	Aantal kalwings
Number of calves weighed at weaning	Weighed	Geweeg	Aantal kalwings geweeg met speen
Average Wean Index	Avg. WI	Gem. SI	Gemiddelde speen indeks
Animal identification number	ID	ID	Dier se identifikasie nommer
Herd Book Section	SEC	AFD	Kuddeboek Afdeling
Herd Book Section: Pending Registration	PEN	PEN	Kuddeboek Afdeling: Wag vir Registrasie
Herd Book Section: Not for Registration	NFR	NFR	Kuddeboek Afdeling: Nie vir Registrasie
Herd Book Section: Foundation Generation	FG	FG	Kuddeboek Afdeling: Fondasie Generasie
Herd Book Section: Appendix A	A	A	Kuddeboek Afdeling: Aanhangsel A
Herd Book Section: Appendix B	B	B	Kuddeboek Afdeling: Aanhangsel B
Herd Book Section: Studbook Proper, ie registered animal	SP	SP	Kuddeboek Afdeling: Stamboek Proper, ie geregistreerde dier
Genomically Tested	G	GT	Genomies Getoets
Homozygous Horned (Celtic test)	HHC	HHC	Homosigoties horings (Keltiese toets)
Homozygous Polled (Celtic test)	PPc	PPc	Homosigoties Poena (Keltiese toets)
Heterozygous Polled (Celtic test)	Ppc	Ppc	Heterosigoties Poena (Keltiese toets)
Phenotypically Polled	P	P	Fenotipies Poena
Birth Direct breeding value	Birth Dir.	Geb. Dir.	Geboorte Direk teelwaarde
Wean Direct breeding value	Wean Dir.	Spn. Dir.	Speen Direk teelwaarde
Wean Maternal breeding value	Wean Mat	Spn. Mat.	Speen Maternaal teelwaarde
Scrotal Circumference	Scr. Circ.	Skr. Omt.	Skrotum omtrek
Heifer Fertility	Heifer Fert.	Vers Vrugb.	Vers Vrugbaarheid
Cow Fertility	Cow Fert.	Koei Vrugb.	Koei Vrugbaarheid
Longevity	Longev.	Lankl.	Langlewendheid
Mature Weight	Mat. Wt.	Volw. Gewig	Volwasse gewig
Average Daily Gain (g/day)	ADG	GDT	Gemiddelde Daaglikse Toename
Feed Conversion Ratio (kg/kg)	FCR	VOV	Voeromset Verhouding
Eye Muscle Area	EMA	OSO	Oogspier grootte
Backfat Thickness	Fat	Vet	Rugvet Dikte
Marbling (intra-muscular fat)	Mar	Mar	Marmering (binne-spierse vet)
Actual Birth weight	Birth Wt.	Geb. gewig	Werklike Geboorte gewig
205-day Dam age corrected weight	205d Wt	205d gewig	205-dag Moeder-ouderdom gekorrigeerde gewig
365-day weight index	365D Index	365D Indeks	365-dae gewig indeks
540-day weight index	540D Index	540D Indeks	540-dae gewig indeks
Length-Height ratio	LH	LH	Lengte-Hoogte Verhouding
Cow-Calf Birth Ratio	CCB	KKG	Koei Kalf Geboorte Verhouding
Cow-Calf Wean Ratio	CCW	KKS	Koei Kalf Speen Verhouding
Average Weaning index	Avg. WI	Gem. SI	Gemiddelde speen indeks
Number of Calves	Nr. Calves	Aant. Kalw.	Aantal kalwers
Reproduction Index	Repr. Index	Repr. Indeks	Reproduksie indeks
Animal sex: M = Male, F = Female	M / F	M / V	Dier geslag: M = Manlik, V = Vroulik
