Christopher

I need you - Vicker Farming's permission to transfer the attached animal to Fairfield Dairy - 0674182 AYR
I can't transfer animals without the owner permission letter.

Can you please let me know if they purchased the cow's on this attaches list, and the date I had to put it in their name.

Thank you

Wilanna

Hello Wilanna,

Hoe this email finds you well.

The farm recently purchased some new Ayrshire cows (see attached list from vickers farming)

I have included in red the new farm numbers that we have allocated to the animals if you could please change these on your side.

Also the appendix A animals- do they need to be inspected by Edmund in order to register them? This was the only info they gave us.

Please let me know if there is any other information that you need?

Kind regards,

Hi Leigh

I am looking through the list that was sent to Wilanna.
I need only a transfer date then I will send it off to studbook to finalise the transfers on Vickers's behalf. 6059 – 7104 give me their ID's and birth dates – Edmund will do the inspection during February. I will register these animals in the interim and then Edmund will cancelled them if it deem necessary.

Kind regards

Leigh

I need permission letter for Vickers Farming to transfer the cows to your herd.

Yes, Edmund need to inspect the Appendix A animals. Send it to Olene at the society (are the Appendix A animals also Vickers Farming's animals or are it you herd)

And I see there are no birth dates as well as no identification numbers.

At registration of animal we work with identification numbers and not farmers number.
