Hi Marietjie

I am not sure why she would not be on record. I have her as the following details

LIL 190014 F BRITNEY
BORN: 20/03/2019
DAM: LPA 140004
SIRE : GLO 140003

I am aware that Glo 180009 would have been sold to Mr Redelinghuys however he chose not to take him.
If you would like to confirm with Mr Olivier I would be happy to ask him to send an email perhaps?

Thank You very much
Kindest Regards

HI Andrean

I see that AANFLIL 190014 is not on record.

GLO 180009 is in Mr RB Redelinghuys (jnr) name, it was transfer to him on 15/07/2019 of the bull, just make sure the no is correct.

Thanks and enjoy the day!

Marietjie

Good Day Marietjie

Thank you very much.

I noticed that Lil 190014 is also showing on the Edit is as a male instead of a female. Please would you kindly correct it?

Then would you kindly transfer the following bull to Mr Hartley. The bull was purchased recently from Mr G. Olivier

MALE: HEAVY D

GLO 180009 - 0087613592

Thank You Very Much

Please would you kindly assist with the attached Error List

The dam for calf LIL 2035 should be MGS 130011 - Not MGS 130013

I am not quite sure why LIL 1974 and LIL 1914 are on the list?

The following numbers are female animals and not males and are on the inventory list as REG SP.

RCM 190249

RCM 180080

RCM 180107

RCM 180053

Thank you very much
