Hallo Ian,

I registered the births that you send to Rochelle.

There is just one lamb 2680 200018 that I couldn't register because the mother 2665 170126 is not registered. We don't have a Breeder at Studbook with the HDM 2665.

Can you please just look at that Lamb and let me know what I should do. Otherwise the lamb can only be registered on Inspection as Appendix A when the lamb is 10 months or older.

Thank you,

Regards
