Hi again Marlene,

Please note that the Per Capita List below does not include the full record of the inspection by Marthinus Botha in January this year. Please can you check and make all the necessary entries on our Per Capita List.

For instance:

- bull SZ 21-2245 should be reinstated
- bull SZ 20-2133 passed inspection but is still SP/CLB on Per Capita List

With many thanks and kindest regards

Liz

Good morning Marlene

Trust you are well,

Please see below Impofu Ranching Per Capita List with comments. The list came as a pdf which was not editable, so our office converted the file into a WORD document so that we could edit - trust it is all in order and easy to process your side. Please note we have commented in RED where cattle indicated as sold have been bought by people who are already registered as breeders with the Society, and also people who are showing interest in becoming registered - may already have done so! In case helpful I am also attaching below the list of buyers from our sale with their contact details as well as the animals they purchased,

I will send another email with answers for the ERROR LIST and some other adjustments that need to be made:

Kindest regards - and looking forward to seeing you in Eswatini one day!

Liz
