Dear Judy

Sorry for taking so long to reply - things went quite hectic the past month.

Please find attached the Schedule O forms to present to the Society in order to register the three embryo calves.

We are really sorry to hear that you will not be going ahead with farming. You were such loyal clients and we thank you for that. May the future only hold good things in store for you.

Kind Regards

Lara

Hi Lara -

Its so long since I had anything to do with the Epworth embryos, I am not sure if I'm talking to the right person!

I have 3 queries from studbook from the last 2 implants.

E200030 Dam H060135 sire catalyst 6704 recipient dam 13-007 and

E200044 dam H060135 sire catalyst 6704 recipient dam 15-156.

Can you give me the date and verification of that FLUSHING? and

E200041 dam E150004 sire catalyst 6704 recipient dam 11-028.

with all of them I have a notification saying - Sire does not correspond on flushing - serv 3 and dam not imp ova donor. Not sure what that means.

The DNA for E200030 and E200044 and e200041 is catalyst.

thanks Judy Emanuel
