Subject: Per Kapita list

Good afternoon Liezel,

Herewith the updated per kapita list.

Please remove EWK 09 65, 10 27, 12 48, 14 05, 16 05, 16 11, 16 15, 17 03, 20 45, 20 50 and WDW 13100.

The following female calves are on the farm but not listed:

EWK 20 05, 20 08, 20 11, 20 13, 20 14, 20 19, 20 39, 20 49 and 20 56.

In the male section EWK 17 41, 19 33, 19 47 and WDW 13138 must be removed.

The following male calves are on the farm but listed:

EWK 20 04, 20 07, 20 09, 20 10, 20 15, 20 16, 20 17, 20 32, 20 55 and 20 57.

The relevant birth notification schedule is attached.

The calves marked with an asterix are the calves in question and need to be perused.

Also please check on the previous requests to register EWK 18 42. This male animal was previously reported as a female in error and removed. This quality bull has been inspected and classified by John Boule last year. I also miss various weigh lists which need to be attended to urgently. I can go back and confirm weights from my records.

Kind regards

Ewald
