CONDITION

- 1) This semen/embryo is being imported for research and evaluation and may only be used for this purpose.
- 2) Records of all progenies begotten from the research must be reported to the Registrar of Animal Improvement for a Biological Impact Study and to motivate any further importing of the specific breed.
- 3) The research must be done together with a reputable Research Institute/Organisation.
- 4) No progeny may be disposed of in any way without prior consultation and approval of the Registrar.
- 5) No press release without permission from the Registrar.
- 6) No sale of any genetic materials or progeny begotten from this material without prior approval by the office of the Registrar.

This authorization is subject to the compliance with the veterinary requirements set out in the attached permit and is also subject thereto that the intended importation meets with all the provisions of the said Act. This authorization does not exempt the importer from the provisions of any other law. This authorization may be withdrawn by the Registrar should any false information be discovered in the application. This authorization is also not transferable. Imported semen shall under no circumstances be transferred, sold, given, or donated to many other person or body unless prior written approval from the Registrar has been obtained. Any such approval shall be considered as new application for the importation of semen.
