More

Soos bespreek met jou en Zippo. CFH06/122 het 'n DNA profiel, maar by 'n onbekende laboratorium. Unistel het nie die profiel nie en meet hulle dus negatiewe vaderskap teenoor ander bulle. Sal jy asseblief die opmerking uithaal en die koei Afdeling SP merk. Vaderskap is nie verpligtend nie en die feit dat die vaar wel 'n profiel het, kan die koei se status reggestel word.

Dankie vir jou moeite.

Dankie E

Jy sien die probleem is julle het aan stamboek gese die Sire does not match. Maar nou se jul jul het nie die DNA van die sire.

So sy wys nou PEN by stamboek.

Jy moet asb dringind vir stamboek email dat jul nie die sire se DNA het en dus nie kon match met die koei.

Asb
Baie dankie vir die moeite
Lekke dag
Groete Zippo
