Abnormal presentation 11]
  
```

The flowchart outlines the process for recording a lamb's birth and registration. It begins with a box for sex (♀ 1, ♂ 2), which leads to a box for marking the lamb (Mark with 1 if calf/lamb dead or not for registration). This leads to a box for the sire (Sire - in my possession during service), which then branches into two options: Sire - not in my possession (A.I 3, Inovulation 2, 4) and Sire - in my possession during service (1). This leads to a box for the calf/lamb (Calf/Lamb), which then branches into two options: Calf/Lamb (Abortion A, Still-born E, Died < 3days D, Died > 3days C) and Calf/Lamb (Normal Birth 7, Easy Pull 8, Serious difficulty 9, Caesarean 10, Abnormal presentation 11).
