Subject: Acc B22 and Herd List updates

Hello Mercia

I hope you are well.

As per my open, latest Invoice queries, I had not paid my last invoice as I need the invoices for my records when making payments. But since its now FYE, I have made an exception and paid it on the interim. Please still send it to me when you get chance. POP attached.

Then, re my herd list, here are the changes:

Please **remove**:

- URA QT Annika (she was sold to J Enslin on the 05/06/2025). I did the transfer on logix, along with Kalinka, but for some reason Annika is still in my name.
- UR A QT Spiderman (he was sold to a non-member on 24/10/2025). I updated logix to this effect but also does not reflect as such.

Please **add**:

- Vygeboom Daisy (I bought her from Evi on 01/12/2025 and I recall Evi saying she had done the transfer)
- Vygeboom Miss Petit (bought from Evi on the same day as Daisy, and apparently was transferred too).

You are welcome to shout if you need anything more.

Many thanks

Hayley
