Had a good laugh now! 😂😂 That is really exciting, August seems to be the month of the babies!

Okay, great, thank you. I will send her a message now regarding the export.

I will need to transfer the horse into your name in Belgium. Who would you like the registered owner to be?

Should I register her under Skyroo Arabian Center, or would you prefer her to be registered in your personal name and surname?

Also, could you please send me the physical address where she will be standing in Belgium? That way I can ensure both the ownership and address details are captured correctly.
