Hi Lea y Chantelle

Hope you are well!

Today I'm writing to you with the inspection report of Los Vicente (0635981BON) and El Triunfo (0683320BON). As always, the sections are:

- Base: F0
- BR: Appendix A
- BC: Appendix B
- PP: SP

According to the inspection made by El Triunfo (the file have 2 sheets, one for the females and other for the males), the females whose mothers are highlighted in yellow are not in the system; therefore, they were inspected to determine whether or not they were approved as F0 or A. Also, In the "approved" column, the inspector entered either "D" (not approved) or the points of the approved animal (there are some cases were it appears "SI" meaning "YES"). In some cases, the animals' sections were downgraded.

In both cases, the inspector was Ernesto Freije.

Please tell me if you need something else.

Thank you so much for your help.

Kind regards,

--
