Disclaimer

Unistel report these results on the premise that the biological samples received are from the individuals nominated by the owner/ breeder/ requestor. While every reasonable effort is made to prevent faulty results, Unistel Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. The results relate only to the samples tested. Should gross negligence be proven, the claim shall not exceed the value of the contract. Some DNA profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring or reporting strategies between laboratories. Unistel Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our DNA profiles. This certificate replaces all previously issued certificates.

FW: result of batch 260828U

Subject: FW: result of batch 260828U
From: <admin@superfarm.co.za>
Date: 2026/07/02, 14:54
To: <wilanna@studbook.co.za>

Good afternoon

I believe Twane is on leave and we need to email yourself.
Please see results attached to be entered on logix urgently.
Please confirm that you have received this email
Thanks so much for your assistance

PLEASE NOTE OUR NEW OFFICE CONTACT NUMBER

Hi Twane

Hope you are well

We are freezing this side 🥶

Shannon has asked me to send these results to Logix
Are you the correct person?
Please let me know urgently

FW: result of batch 260828U

Have an awesome afternoon and thank you

Subject: result of batch 260828U

Good day,

Hope everything is well.

Please see attached the result of the above batch.

We appreciate your support and look forward to working together again soon.

We trust that all information provided to us is complete and correct. We can only provide results with the information we currently have on record. Some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories.

Kind Regards,
Elzet Smit
