Subject: Bandit Niggie

Hi Marisa

Please transfer this dog back onto my name, her name is Niggie.

I have given the pick of the litter to Annika for and on behalf of Oom Koos which he owes her, she can confirm same.

Annika will be taking Bandit Stella. I will apply for the export permit end of July we are waiting for the Rabies titer results.

Oom Koos is also copied on this email for reference since we cannot get hold of him but he is aware as I have informed him and in agreement.

Thank you
