Dear Ms Prinsloo

RE: REQUEST FOR EXEMPTION FROM PRE-BREEDING CONTAGIOUS EQUINE METRITIS SURVEILLANCE REQUIREMENTS FOR A FOAL NAMED CALELA ONE IN A MILLION

Reference is made to the application by SA Stud Book for exemption from a pre-breeding CEM clearance certificate dated 15 May 2026. The Director: Animal Health hereby informs you that exemption from the requirement for a pre-breeding CEM clearance certificate for the Boerperd horse "Andag Effek" is granted for the registration of the following foal only:

Calela One in a Million

Computer number: 0013475009

Microchip number: 972274200700486

Date of birth: 2 December 2019

Breed: Boerperd

Sire: Aandag Effek

Dam: Paardekop Million

The foal Calela One in a Million has been tested for CEM and her CEM clearance certification has been provided. The breed society has confirmed that Andag Effek is untraceable and proof that he has been cancelled from the SA Studbook system has been provided. If SA Studbook or the breed society becomes aware of any breeding taking

place or of foals produced from Andag Effek after the date of cancellation these entities are required to:

1. Notify the Director: Animal in writing within 24 hours at PA.DAH@nda.gov.za and KerryL@nda.gov.za;
2. Suspend registration pending written approval by the Director: Animal Health;
3. Provide the Director: Animal Health with all relevant contact details for the owner or manager of the property and the owner of the horse. Please forward such in writing to PA.DAH@nda.gov.za and KerryL@nda.gov.za.

Please note that this exemption does not in any way alleviate the requirements for registration as set out in any other official document or from compliance with any other relevant Act of the Republic of South Africa.

We thank you for your kind support

Yours sincerely,

Dr Mpho Maja
DIRECTOR, ANIMAL HEALTH

Date: 25 MAY 2026
