Subject: RE: SAAD DNA WEG STUUR VIR DNA NO

Goeiemôre Elsa,

Ek hoop dit gaan goed.

Sien asseblief die verslag aangeheg vir die profiele.

Neem asseblief kennis dat daar geen profiel vir **Little River SCS Nifty** op die PDF beskikbaar was nie.

Laat weet gerus as daar nog iets is waarmee ons kan help.

Lekker dag daar!

Kind Regards,
Heike Oosthuysen

We appreciate your support and look forward to working together again soon.

We trust that all information provided to us is complete and correct. We can only provide results with the information we currently have on record. Some STR profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring strategies between laboratories.

Disclaimer

Unistel report these results on the premise that the biological samples received are from the individuals nominated by the owner/ breeder/ requestee. While every reasonable effort is made to prevent faulty results, Unistel Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. The results relate only to the samples tested. Should gross negligence be proven, the claim shall not exceed the value of the contract. Some DNA profiles used in parentage analysis may have been sourced from another laboratory. While every reasonable effort is made to prevent incorrect results, Unistel Medical Laboratories does not accept any responsibility for parentage mismatches due to incompatible marker scoring or reporting strategies between laboratories. Unistel Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our DNA profiles. This certificate replaces all previously issued certificates.
