Good Day Twane

I trust that this email finds you well.

I was wondering whether you could please assist me with loading the below 18mnth weights?

The below animals were weighed on the 02/02/2026.

New 24-008 (544kgs)
New 24-014 (478kgs)
New 24-020 (504 kgs)
New 24-032 (504kgs)
New 24-060 (488kgs)
New 24-061 (462kgs)
New 24-071 (498kgs)

I loaded all the heifers and these bulls were running on my Brothers farm. He did the weights but time ran away from us.

New 24-020 and New 24-071 have accidentally been loaded as females. Would you please change them to males on the system?

Your assistance with the above would be greatly appreciated.

Thank you

Sean Newborn
