Good day Ma'am

I hope this email finds you well.

Can you be so kind to assist with registration of calf.

Mother: AG160208 - 488kg

Sire: GT210122

Calf: MSM260006 - 30kg

Normal service

I'm not sure why logix doesn't allow me to input the field of the year.

Thanks and much appreciated.

Kind regards
