Disclaimer

Unintended results resulted from the provision that the biological samples received are from the individuals nominated by the owner/ requester. While every reasonable effort is made to prevent faulty results, Unistat Medical Laboratories do not accept any responsibility for any losses that may occur as a result of human or technical error. The results relate only to the samples tested. Should gross negligence be proven, the claim shall not exceed the value of the contract. Since DNA profiles used in paternity analysis may have been sourced from another laboratory, while every reasonable effort is made to prevent incorrect results, Unistat Medical Laboratories do not accept any responsibility for percentage mismatches due to incompatible marker scoring or reporting strategies between laboratories. Unistat Medical Laboratories participates in ISAG comparison testing and therefore incorporates international scoring standards in the generation of our DNA profiles. This certificate replaces all previously issued certificates.
