Good morning Marlene

I hope this email finds you well.

I have noticed that two animals that Peinke Ranch purchased last year November (2025) have been incorrectly loaded as having been purchased in May of 2025.

They were both purchased on the Boran Prestige Auction in Mossel Bay on the 8th of November 2025, however Logix has them listed as been purchased on 1 May 2025 – kindly correct the date to reflect the 8th of November 2025 for both of the following animals:

BS 14-66; Computer # 0080947807 (F); Date of Birth: 19/11/2014
BS 16-15; Computer # 0083896043 (F); Date of Birth: 11/06/2016

Please let me know if you need any more information.

Many thanks

Kind Regards and God bless...
