Dr Christiaan Labusché

Genomics Manager

Print Date:

* More than one qualifying mother and/ or father identified for offspring

** Either mother or father can qualify as parent; no parent pair identified

Most likely parent allocated from parent list provided. No statistical support.

Disclaimer

Parentage is performed using the sire and dam list provided by the client.

It is the responsibility of the client to provide ZooOmics with all potential sire and/or dam candidates. This includes cover bulls. Should any extra sire and/or dam candidates be added in the future, the parentage assignments made by ZooOmics (a division of Inqaba Biotechnical Industries Pty Ltd) does not accept responsibility for the effect of any due to absent candidate sires and/or dams.

Nothing in this document should be construed as advice to proceed or not to proceed with any specific course of action not prepared for that purpose.

This is a parentage summary, summarising the potential parentage assignments for a specific order and not an official certificate. Finalised results are sent on official certificates.
