Thanks for your express service. I just checked the cert and owner is supposed to be Bongos Dante and address is Magodo GRA. Lagos. Nigeria.

His Dna was taken at the appraisal . Moreover it has been done you can check with Unistel with his number U62360. I will request for his DNA result.

Thank you

San

Hi

Ok all that is needed now is the DNA of this sire. Did you do DNA at that time when appraisal was done?

Hello Marisa,

When i sent his entry in, It looked like you did not see his attached score sheet and receipt for payment for late registration (you already promised not to charge me for it ... Smiles) . I hope this gets sorted on time.

Thanks

Sam
