Hi Lea y Chantelle

Today I'm writing to you because we need to register some females from La Florida Sur inspected and approved as A yesterday (August 12, 2026) by Leonardo Vicente (0726266BON).

Please tell me if you need something else.

Thank you so much for your help!

Kind regards,

I forgot to say that "s/d" is that we don't have their information.

Also, the female LEY242420 was inspected and approved as A.

Sorry about the missing information.

Kind regards,
