Middag Lea.

Hierdie verse is gebore tydens die kalfseisoen van Februarie tot April 2024. Ek kan nie by hulle vir jou spesifieke datums gee nie.

Dis dalk die beste om n datum in die middel te kies.

Hoop dis reg so.

Groete

Sunja

Middag Wanda, dankie, dit gaan goed.

Ek kon die eerste bladsy laai. Help asseblief met die geboortedatums van die diere op die 2de bladsy waar die vaar as HART 210007 bevestig word, dankie.

Groete.

Basis Keuring
