Disclaimer

Unistel reports these results on the basis that the biological samples received are from the individuals identified by the owner/breeder's signature. While every reasonable effort is made to prevent faulty results, Unistel Laboratories does not accept any responsibility for any errors that may occur as a result of human or technical error. The results relate only to the samples tested. Unistel does not accept any responsibility for errors in the data entered or the validity of the results. Some DNA profiles used in parentage analysis may have been misidentified in the past. While every reasonable effort is made to prevent misidentification, Unistel Laboratories does not accept any responsibility for parentage misidentification due to misidentification of samples or errors in reporting changes between laboratories. Unistel Laboratories purifies DNA in 100% pure water and uses the highest quality reagents and equipment available. Unistel Laboratories does not accept any responsibility for errors in the results of the analysis.
