Attachments: JOSMOT RAGNAR (1).pdf

Hello Marisa,

The dog to be transferred ownership is
JOSMOT RAGNAR (see attached Certificate).

The new owner's details are

Mr K.M Meti
Kirmit Boerboels - 0687968

Regards

We are still waiting on results for Parys DNA. I'll follow up today.

You can send me the change of ownership in email.

Dog details and new owner full details.

Subject: TB Pilane Botswana (DNA & Dog Ownership change) - follow up

Hello Marisa,

Just following up on my previous email.

I had done a DNA swab at the Parys Show and would like to follow that up including payment. Secondly I want to change dog ownership.

Kind Regards

Mr. Tshepiso B. Pilane, MRICS

Hello Marisa,

Thank you for the welcome note and it was a pleasure meeting you at the show.

I want to enquire on the below points:

1. I never paid for the DNA that I did at the show for Josmot Ragnar (after the initial microchip couldn't scan). How do I make payment?
2. While I'm currently registered as an ordinary member, I have for some time partnered with Kirmit Boerboels (SABBS no: 0687968) as a co-owner. So I would like to find out the process/documentation etc., of having both of us recognised as owners by SABBS, instead of 1 person.
3. The process of transferring ownership of Ragnar from my name to Kirmit Boerboels.

Looking forward to hearing from you.

Regards

Welcome to SABBS

Please visit www.sabbs.co.za and read our newsletters, Constitution and Breeding Standards.

Go to www.logix.org.za and fill in the electronic form in the middle of the page to receive your login details to our database.

Note: Pups can only be birth notified if both parents are appraised and DNA profiled and register a kennel name

Regards,

Marisa
