Goeie middag Jason

Baie dankie vir jou hulp met hierdie navraag.

Ek het vandag bevestiging ontvang van die koper van DKH18-134 , Thomas van Vergeet my nie Boerdery, wat hom 13 Junie 2023 gekoop het, dat die bul geslag is deur die eienaar wat die bul by hom gekoop het in 2025.

Dus kan daar geen nuwe haarmonster voorsien word nie.

Vriendelike groete

Madie

Hello Zippo

Unistel came back and unfortunately there is not sufficient sample for DKH 18-0134 to be genomically tested.

Tuli	DKH 18-0134	88163878	U15845U001	U15845U001	0711374TUL	External Profile

Please submit a new sample if you would like this bull to still be genomically tested!

Can you maybe check at Unistel for a possible sample

Hi Zippo

I have gone through my notes and see that I identified this animals genotype as not being correct and have removed it from the database as of 12 Aug 2025.

-- this was because of many progeny errors where the DNA was Matching Both Parents

Please do submit a new sample for this bull so it can be genomically tested, or should I just request from Unistel?

Warm Regards

Hey J, please check urgently for me.
According to logix this bull has been genomic tested. But it doesnt show as tested.

Goeie more Teresa en Zippo

Baie dankie vir die opstel en kontroleer van ons katalogus.

Ek het die foto reggemaak, ek kan nie die 1ste foto delete nie, hoop die regte een wys nou op die katalogus.

In verband met die Genomiese Toetse, ons doen dit elke daar vandat die reël ingestel is met die bulle wat daardie jaar in die dekseidoen gebruik gaan word.

Bul DKH18-134 is deur ons en Cornelis Rautenbach destyds gesamentlik aangekoop op Ben Raath se veiling 21 Okt'2021. Die bul is op 13 Junie 2023 aan Vergeet my nie (soos op Logix) verkoop. Dus kan ons hom nie meer Genomies laat toets nie, so ook vir al die vorige Stoetvaars wat ons gehad het en nie meer leef nie, van wie ons steeds nageslag het.

Die Finaal kan dus nou getrek word.
Baie dankie.

Vriendelike groete

Hallo Madie,

Zippo het laat weet dat alles in orde is, behalwe die volgende:

Lot 2 CHK23-0103: Die Raad het 'n besluit geneem dat diere waarvan die vaars (gebruiksbulle) nie genomies getoets is nie as pending wys op die foutelyste. Vir nou gee ons die telers nog grasie t.o.v. dit, aangesien ons in 'n oorgangstydperk is, so die dier kan verkoop word. As julle nog die vaar het, sal julle asb. sterthare instuur vir genomiese toetsing?

Lotte 2 & 3: het dieselfde foto. Sal jy dit asb. net regstel sodat ons die finaal kan doen?

Vriendelike groete.
Kind regards.
