Hi Lea

The first one.

The female GRU was registered wrong because the buyer told us it was from Estancia El Mangrullo but the seller told us that he was wrong and the female belongs to Cabaña El Mangrullo, the female that was sold was MAN230442 inspected on September 12, 2025 and approved as A. She's not registered, that is why I sent you the information about her birth, I don't know why she and her mother wasn't registered.

Sorry about the mistake.

Kind regards,

Hi Lea y Chantelle

Hope you are well!

I am writing to make a correction regarding the female from "El Mangrullo" that was sold; we mistakenly believed she came from "Estancia El Mangrullo," but the breeder informed us that she is from "Cabaña El Mangrullo." Her dam was registered today as MAN183304, and the female that was sold is MAN230442. She was born on December 23, 2023 with 32 Kgs and the sire was not identified, as the pregnancy resulted from natural service with multiple sires SP. The inspection was made as we told in the file attached.

Please tell me if you need something else.

Thank you so much for your help and patience.

Kind regards,

Hí Lea y Chantelle

I'm writing to you because we need to transfer some animals from El Triunfo to La Ciénaga and 1 female from Estancia El Mangrullo to La Ciénaga. The last female is not registered but in the file you can see the information about her birth and inspection.

I'll leave you attached the file.

Please tell me if you need something else.

Thank you so much for your help!

Kind regards,
